Pressure Filter Elements

HYDAC

- High contamination retention capacity
- Filtration ratings from 3 to 20 micron absolute
- Superb absorption of the finest particles over a wide differential pressure range
- High differential pressure stability up to 210 bar

Inline Pressure Filter

- 3 pressure ranges of 100, 280 & 420 bar
- Inline mounting
- Wide range of porting connections available
- Non bypass option and clogging indicators available

- Maximum flow rates stated are calculated given the following data
Stated WP, ISO 32cst fluid at 40°C, Delta P =1 bar housing with clean element.
Element = 10µm BN4HC
- Elements and indicators not included, see relevant sections for correct selection
- B3 = 3 bar 'bypass valve' cracking pressure
- B6 = 6 bar 'bypass valve' cracking pressure

Suction Filter Elements

HYDAC

- Stainless steel filter mesh
- Polyamide end caps
- Standard filtration rating of 125 micron
- Can also be supplied with bypass valves
- 75 micron available on request

Product Code	Flow Rate (l/min)	BSP Thread	Micron Rating
0015 S 125W	15	G 1/2"	125

Donaldson Filtration

Introduction

Donaldson creates a broad spectrum of filtration products and solutions to meet the evolving needs of its diverse customers. These filtration solutions span the entire life cycle of a customer's application, from initial system design through replacement products. From construction sites to semiconductor labs and nearly everything in between, Donaldson products are solving complex filtration challenges that enhance equipment performance and protect our environment.

Donaldson Torit

Introduction

Get cleaner plant air with Donaldson Torit dust, fume and mist collectors and replacement filters. For over 90 years, manufacturers worldwide have relied on Donaldson Torit to keep their work environments clean and productive

Dura-Life®

- A breakthrough in Bag Filter Technology
- Advanced hydroentanglement technology extends bag life
- Maintenance costs are reduced with longer bag life
- Energy savings result from lower pressure drop
- Smaller particulates are captured with greater efficiency
- 99.9% efficiency helps provide a cleaner, safer environment

Order Code	Product Code	Description	Media Type	Price Each	1+
WXF29732	3139-2317	1.0m² Filter Bag	Dura-Life Polyester	£19.14	
WXF29733	3139-2319	1.5m² Filter Bag	Dura-Life Polyester	£26.74	

For any other part numbers or types you require please contact your local Brammer Sales and Service Centre

For Ducting hose, see our Hose, Tube and Ducting section

Ultra-Web®

- A breakthrough in Cartridge Filter Technology
- Advanced media that captures submicron and larger dust particles
- A media that traps dust on the surface and promotes self-cleaning
- Better pulse cleaning and lower stabilised pressure drop
- Lasts up to 2 times longer than commodity filters
- Cleaner air, longer filter life and greater cost savings

Price Each
